Thank you for considering Three Blue Ducks Byron Bay for your special event.

Located on The Farm Byron Bay, an 80 acre biological farm in Ewingsdale, the Ducks is a place for lovers of real and innovative food in a relaxed beautiful setting, where service is king.

With years of cooking experience in world-class restaurants, head chefs Darren Robertson and Mark LaBrooy use the best local produce to create unique dishes with bags of flavour.

Many of the ingredients are sourced from the sustainable farm on-site, including fruit and

vegetables, herbs and salads, organic eggs and a wide range of livestock. We also draw upon the region's best edible goods from local and ethical producers. We aim to source fresh and seasonal produce from around Australia - chemical-free, organic, and grass-fed and grass finished.
