Jasmine Dragon Pearl - Known as a customary welcoming beverage in Northern China, this tea has a distinct preparation method that involves fashioning a long leaf and bud together into tightly rolled silvery coloured pearls. Once steeped, the pearls unravel to unleash a sweet, medium-bodied green tea with an alluring velvety texture, with inviting floral tones.

Wild Ancient - This hand-made black tea sourced from wild ancient trees high in the mountains of Lincang. Only the most tender leaves and buds are carefully plucked in early spring, prior to the Qing Ming festival.

Yushan Oolong - Grown at high altitudes near the YuShan National Park in Taiwan. Higher altitude = a greater concentration of amino acids, giving the tea a creamy texture and long finish with flavours of crisp stone fruits.
