WINE

All the wine we offer at Three Blue Ducks reflects our ethos...

1. We focus on wines made from grapes grown using organic or biodynamic practices in the vineyard. If it's good for the earth, it gets our backing!
2. The wines we sell are all high-quality wines – it just comes down to personal taste.
3. We buy from smaller, independent winemakers and wineries. Wines on our list are made with integrity and the utmost care.
4. We support the local wine industry. Aiming for low “food miles” means we offer a lot of beautiful Australian wine and limited international wine.

From there, broadly speaking, our wine list can be divided into two approaches – hands off or hands on. We believe there is a time and place for both.

HANDS OFF WINE

Hands off wine is a hail to ‘back to basics’, where the grower and winemaker have used minimal interventions during the growing and making process. Avoiding modern aids and technology, this yields a product that varies between vintages according to season, sunshine and the fruit. These wines may have flavour profiles, textures and appearances you might not have expected when reading the list.

HANDS ON WINE

Hands on describes wines where growers and winemakers use contemporary techniques in the vineyard and winery to achieve meticulous control. Their intention is to guide their product to a desired endpoint. These wines have a stylistic aim and a ‘hand’ in achieving them, whether it be use of new oak, irrigation, or the blending of components.

We want wine to be approachable, but recognise that sometimes it isn't! So, we've grouped wines with their like-minded friends to help guide you, if you need it. But mainly we have really trained our team. Ask their advice – they would love to share what they know!
