We'll be rotating our beer taps regularly between a selection of Australia's best craft brewers, showcasing some of the great things that are happening in craft beer and cider all over Australia.

ABOUT OUR WINE

All the wine we offer at Three Blue Ducks reflects our ethos...

1. We focus on wines made from grapes grown using organic or biodynamic practices in the vineyard. If it's good for the earth, it gets our backing!
2. The wines we sell are all high-quality wines – it just comes down to personal taste.
3. We buy from smaller, independent winemakers and wineries. Wines on our list are made with integrity and the utmost care.
4. We support the local Aussie wine industry. Aiming for low 'food miles' means we offer a lot of beautiful Australian wine and limited international wine.

We want wine to be approachable, but recognise that sometimes it isn't! So, we've grouped wines with their like-minded friends to help guide you, if you need it. But mainly we have really trained our team. Ask their advice – they would love to share what they know!

WINE ON TAP

We are always looking at ways to reduce our impact on the environment. Wine on tap is something that we'd seen done well overseas and wanted to give it a go – now we have a 56 tap system, pouring all of our beer, cider, sparkling water and many of our wines. By using this system and making our own soft drinks, we've been able to save around 9,000 bottles per month, as well as the energy and resources that go into their production, transport and disposal.

As for the wine, it seems to love it. By transporting the wine in bulk containers, then transferring it into our stainless steel kegs, the wine sees no oxygen until it hits your glass or our carafes. We deal with producers that put their hearts into what they do and they wouldn't send us wine if we weren't looking after it. The proof is right here, so feel free to ask your server to taste a couple!
