

WE LOVE LOCAL!

The best beverages, sourced locally.

The Ducks is all about enjoying food and drink with your mates and loved ones. At the heart of Three Blue Ducks are the people; the roasters, brewers, winemakers and distillers. Our aim is to share what real food and beverage mean to us, by showcasing the best quality local suppliers. We source ethically made, independently produced beverages to complement your dining experience. What we have gathered here is some of our local favourites from the banks of the River Brisbane to Queensland's surrounding suburbs.

LOCAL PICKS

Sobah 'Finger Lime Cerveza' non-alcoholic beer, Burleigh Heads

Made down the way in Burleigh Heads, Sobah Non-Alcoholic Beverages is a unique company delivering extremely high quality non-alcoholic craft beer. This beverage is delightfully limey, dry, crisp and refreshing! A product made with intention and integrity.

Mount Uncle Distillery 'Botanic Australis' gin

Mt. Uncle Distillery began its life in 2001 and is the creation of Head Distiller and Director Mark Watkins. The distillery began with a multitude of liqueurs sourcing ingredients and fruits from Mt Uncle farm itself and other local farmlands on the Atherton Tablelands.

Housemade Limoncello, Three Blue Ducks Brisbane

Our homemade limoncello is the work of our very own drinks aficionado Tom! Tom is super passionate about all things beverage and has been making this tasty number since 2020. Modestly he describes it as "simple", utilising fresh lemon peel from lemons that he juices for cocktails. Zero waste and delicious!

ABOUT OUR WINE

All the wine we offer at Three Blue Ducks reflects our ethos...

1. We focus on wines made from grapes grown using organic or biodynamic practices in the vineyard. If it's good for the earth, it gets our backing!
2. We buy from smaller, independent winemakers and wineries. Wines on our list are made with integrity and the utmost care.
3. We support the local Aussie wine industry. Aiming for low 'food miles' means we offer a lot of beautiful Australian wine and limited international wine.

We want wine to be approachable, but recognise that sometimes it isn't! So, we've grouped wines with their like-minded friends to help guide you, if you need it. But mainly we have really trained our team. Ask their advice – they would love to share what they know

WINE ON TAP

We are always looking at ways to reduce our impact on the environment. Wine on tap and wine in lower impact vessels is something we've seen a resurgence of in the last few years. And we are here for it!

By using a tap system we save thousands of bottles per month! Not only the bottles themselves but also saving the energy and resources that go into their production, transport and disposal.

As for the wine, ask the experts, it's better for the wine. By transporting the wine in bulk containers, then transferring it into our stainless steel kegs, the wine sees no oxygen until it hits your glass or our carafes.

We work directly with producers that put their hearts into what they do and that make wine specifically for our taps. No compromise on quality whatsoever! The proof is right here, so feel free to ask your server for a taste!
