

WE LOVE LOCAL!

The best beverages, sourced locally.

The Ducks is all about enjoying food and drink with your mates and loved ones. At the heart of Three Blue Ducks are the people; the roasters, brewers, winemakers and distillers. Our aim is to share what real food and beverage mean to us, by showcasing the best quality local suppliers. We source ethically made, independently produced beverages to complement your dining experience. We have gathered some of our local favourites from many of the great places Victoria has to offer.

LOCAL PICKS

Tallboy and Moose Sunray XPA 4.8%, Preston,

Just down the road in Preston Dan-Tallboy-Hall and Steve-Moose-Germain are so serious about their beer being the height of freshness for their customers they purposefully limited the size of their brewery. The idea is that they turn over more quickly, increasing freshness!

2022 Babche, Sangiovese, Pyrenees

Babche started with Niki Nikolovska, who spent every summer of her youth with her grandparents in rural Macedonia, who - among other things - made their own wine. Babche is a term of endearment for 'Grandma' or 'Nanna' in the Slavic languages of Niki's youth. Nothing says pizza wine more to us than this deep ruby Sangiovese.

Animus, Kyneton

Founded in 2015, Animus not only makes world class gin but at the very core of their business is sustainability! Spent botanicals utilised as fertiliser, distillery using renewable energy sources, recyclable packaging, you name it.

ABOUT OUR WINE

All the wine we offer at Three Blue Ducks reflects our ethos...

1. We focus on wines made from grapes grown using organic or biodynamic practices in the vineyard. If it's good for the earth, it gets our backing!
2. We buy from smaller, independent winemakers and wineries. Wines on our list are made with integrity and the utmost care.
3. We support the local Aussie wine industry. Aiming for low 'food miles' means we offer a lot of beautiful Australian wine and limited international wine.

We want wine to be approachable, but recognise that sometimes it isn't! So, we've grouped wines with their like-minded friends to help guide you, if you need it. But mainly we have really trained our team. Ask their advice – they would love to share what they know

WINE ON TAP

We are always looking at ways to reduce our impact on the environment. Wine on tap and wine in lower impact vessels is something we've seen a resurgence of in the last few years. And we are here for it!

By using a tap system we save thousands of bottles per month! Not only the bottles themselves but also saving the energy and resources that go into their production, transport and disposal.

As for the wine, ask the experts, it's better for the wine. By transporting the wine in bulk containers, then transferring it into our stainless steel kegs, the wine sees no oxygen until it hits your glass or our carafes.

We work directly with producers that put their hearts into what they do and that make wine specifically for our taps. No compromise on quality whatsoever! The proof is right here, so feel free to ask your server for a taste!
