FEED AT THE DUCKS TO FEED THE PLANET

For every guest who attends your function, The Ducks will plant an Australian Native Tree.

We have teamed up with Carbon Positive Australia, an epic not-for-profit organisation that aids communities and individuals to take climate action by supporting tree planting and ecosystem restoration.

This initiative works to protect Australia's Biodiversity Hotspots in WA, NSW & QLD through land restoration projects that support our wildlife and ecosystems.

Tree planting holds immense potential for combatting climate change and regenerating the land. By supporting and championing tree-planting initiatives, with your help, we seek to amplify the positive impact of these activities.
