LOCAL PICKS

Travla 'Australia's Lager', Australia

A classic Australian style lager, Travla is Country-grown, Country-brewed & Country-owned. Can't say that about many of your classic "Aussie" beers! Our very own Andy Allen (co-owner of Three Blue Ducks) is one of the founders of this Australian lager from all-Australian ingredients. We're pretty bloody proud to be stocking Travla, you should give it a go!

The Bees Bourbon

The ingredients for this cocktail come from the gardens of our wonderful staff - Courtney grows the meyer lemons & Sal & her husband produce the delicious honey!

Ladbrooken Distilling Co, 'Elixir Signature' gin, Tumbarumba

Robbie & Neil Ladbrook founded this distillery in 2020 & have recently opened up their cellar door to visitors over the hill in Tumbarumba!

ABOUT OUR WINE

Here at the Ducks we focus on wines made from grapes grown using organic or biodynamic practices in the vineyard. If it's good for the earth, it gets our backing! We've made sure to highlight on our menu the wines made from organically farmed grapes. This way, you can easily choose wines that match your personal values & show support for those who are dedicated to the principles you find important.

Natural wine? The wines on our menu that have this denoted next to them are made by the most dogmatic of producers. Sticking rigidly to using no chemicals, heavy machinery, preservatives or modern manipulations of their wines. This is how wines were made thousands of years ago. Expect the unexpected here, the wines can be cloudy, spritzy, lively & often they do not have the typical flavour profiles associated with modern day examples. There is a raw beauty in this style of wine, that's why we've listed a few of them of course!

We support the local Aussie wine industry. Aiming for low 'food miles' means we offer a lot of beautiful Australian wine & limited international wine.

We want wine to be approachable, but recognise that sometimes it isn't! So, we've grouped wines with their like-minded friends to help guide you, if you need it.

But mainly we have really trained our team.

Ask their advice – they would love to share what they know
